WORK EXPERIENCE

SOCIAL SUMMER OF CODE   Remote
Open Source Contributor   July 2022 – Oct 2022
- **Sukoon - Stress Relieving Website:** Updated **30% UI** of the website, extensively redesigned layout of the website using Flexbox Layouts to make the website responsive.
- **MooSync - Open Source Music Player:** Contributed to the responsive layout of Official Website, **Encountered 3+ issues** in the website and the official documentation of the website & fixed them.
- **Awesome Chrome Extensions:** Completely revamped the official website of the Project at initial phase. **Redesigned 90%** of the website, and gave it an overhaul through CSS and restructuring it.

CSCULT   Indore, India
Head of Operations & Instructor   Dec 2021 - July 2022
- **Establishing & Managing:** Established and managed a community of **over 600** people, Increased the participation rates in various community clubs & live sessions **by 50%**
- **Instructor - Game Development**: Guided **5+ students** in creating their first Game development Project using JavaScript, made them familiar with open source contributions and deployment process.

PROJECTS

GITSHOW : (React.js, Tailwind, Firebase, GitHub API) | 🔗Link | 🔗Github | Feb 2023
- GitShow is an outright social-media platform for programmers, where you can showcase your projects hosted on GitHub in a beautiful way.
- Uses **Firebase** to handle the back-end and React.js with Tailwind CSS for the Frontend.
- It extensively uses GitHub API, for fetching user data, to simplify tasks for the users.

VOGUE-ECO : (React.js, Tailwind, Appwrite, Docker, Alan API) | 🔗Link | 🔗Github | Dec 2022
- The website focuses on the rising issue of carbon footprint dumped by the fashion industry.
- Uses **AppWrite, Docker** and **Alan API** to handle the back-end and React.js with Tailwind CSS for the Frontend.
- Provides a platform to donate old clothes for recycling and participate in plant a tree initiative.
- Provides a certificate for planting trees, and uses a **voice assistant** to fill the form.

PERSONAL PORTFOLIO : (React.js, Tailwind CSS, AOS) | 🔗Link | 🔗Github | Jan 2023
- Designed and created my own personal portfolio using **React.js, its libraries** and **Tailwind CSS**.
- Also uses **AOS** for various animations and Formspree to collect the form data & contact me personally.
- It showcases my various projects and my journey in the tech industry.

SKILLS

- **Languages:** Java, Javascript, C++, Python, TypeScript
- **Frameworks/Libraries:** React.js, Bootstrap, TailwindCSS
- **Tools:** Git, Github, Appwrite, Firebase, VSCode, Intellij IDEA, POSTMAN
- **Databases:** Appwrite, MySQL, Firestore
- **Others:** Data Structures & Algorithms, Technical Writing, Team Management
